ABOUT UNITY FACILITIES MANAGEMENT & SERVICES

Built by facilities professionals, run for **real results**.

Unity Facilities Management & Services (UFM) was founded by a team of facilities professionals who spent years working inside the industry before starting it themselves. That experience showed us exactly where most FM providers fall short — communication, accountability and pricing clients can actually trust.

UFM was built to close that gap: transparent reporting, real-time updates and a single point of contact for every service you need. Every technician on our team is trained, experienced and certified, backed by a network of specialist delivery partners — so whether it's a routine call-out or a specialised project, you get the right expertise, first time.

Today we look after supermarkets, restaurants, cafés and butcheries across Qatar — premises where a pest problem does not just cost money, it closes the doors.

Qatar-wide dispatch

Day or night, anywhere in the country.

ISO & AS/NZS aligned

Management systems built to recognised standards.

24-hour hotline

A real person answers, every hour of the year.

Certificate every visit

Formal documentation issued after each treatment.

"To be Qatar's leading facility management company — delivering consistently high-quality service alongside a genuine commitment to competitive, fair pricing."

Complete care for homes and businesses.

✓ Founded on real FM experience

✓ One partner, every trade

✓ Clear reporting, every visit

- Building Fabric & Structure
- Asset Management
- Capital Works & Projects

ONE STEP TO GET ALL SOLUTIONS — +974 5009 8004

SPECIALIST DEPARTMENTS

Two Teams Clients Ask For **By Name**

PEST CONTROL DEPARTMENT

Pest Control, Handled Properly

Modern equipment, approved treatments and trained technicians remove infestations at the source — not just the symptoms. Every visit follows strict health, safety and environmental protocols, so your space stays protected without unnecessary chemical exposure. A formal certificate is issued on completion.

"Bugs gone. Stress gone."

CLEANING DEPARTMENT

Cleaning You Can Set A Watch To

From single offices to multi-site portfolios, our teams deliver consistent, detail-oriented results using eco-conscious products. We tailor frequency, scope and reporting to match how your business actually runs.

"Spotless spaces. Happy faces."

INDUSTRIES WE SERVE

Restaurants & Supermarkets

Retail & Offices

Resorts & Cafés

Warehousing & Distribution

Industrial & Manufacturing

Schools & Universities

Healthcare Facilities

Childcare Centres

Sports Complexes

Body Corporates

Government & Councils

Defence Facilities

WHO WE WORK FOR

Trusted by Qatar's food businesses

Supermarkets, restaurants and butcheries carry the strictest pest control requirements of any premises in Qatar — and the most to lose. These clients rely on us to keep them compliant and open.

100%

Visits documented with a formal certificate

WHY FOOD PREMISES CHOOSE US

Working in food premises means passing inspections, not just killing insects. Every visit is logged, every product recorded, and a certificate issued on completion — so when an inspector asks, the paperwork is already there. Treatments are scheduled outside trading hours, so service is never disrupted.

LICENSED & CERTIFIED

Every treatment ends with a **certificate**

Food premises in Qatar are inspected, and inspectors ask for proof. After every treatment we issue a formal Certificate of Pest Control naming the premises, the date and the treatment carried out — signed, sealed and ready to show.

- ✓ Issued after every visit, at no extra charge
- ✓ States the premises, date and validity period
- ✓ Confirms approved methods and safe chemicals
- ✓ Carries our company seal and authorised signature
- ✓ Accepted by Ministry of Municipality inspectors

Full documentation pack

Service logbook · treatment records · bait station maps · material safety data sheets · MoPH approval certificates — kept current and available on request.

📌 Qatar Chamber member

📌 Ministry of Municipality recognised

📌 MoPH-approved materials

📌 HACCP-compatible programmes

WHY UFM

Nine Reasons Clients **Stay With Us**

Commitment

Whatever it takes to meet — and exceed — your expectations, every time.
